ENGLISHMEN ARE UNITED

In Opposition to Any Foreign Enemy.
Great Britain's Stern Warning to Germany in Moroccan Dispute

London, July 29.—The most pessimistic views regarding the acuteness of the Moroccan crisis were confirmed largely by the Prime Minister in the House of Commons yesterday, when with a manner as impressive as his words he read from a manuscript, which had been carefully prepared, a warning to Germany that Great Britain proposed to stand for what she considered her rights and to maintain the balance of power in Europe.

Further testimony as to the gravity of the situation is given by the fact that the prime minister obviously had taken the leadership of the opposition into the government's confidence and Mr. Balfour's declaration was no less firm than Mr. Asquith's.

Such plain speaking on a question fraught with possibilities of a great European war has not been heard in the British Parliament in many years. The outcome of the situation appears to rest almost wholly on Germany's shoulders. If, as some German papers say, Germany has reached the stage of national development where the necessity of her population demands that she branch out into foreign fields, and considers this vital to her national interests and imposes conditions on France which Great Britain thinks threaten her vital interests, the only result so far as those best informed see it, will be the oft-threatened and long-averted European convulsion.

ANTI-WAR INSURANCE

Rose Three Per Cent. in One Day—A Rather Billious Outlook for Continued Peace in Europe

London, July 29.—At Lloyd's yesterday war risks against hostilities between Great Britain and Germany within three months rose rapidly from 5 to 8 per cent. In some cases even 10 per cent was paid against the risk of war between France and Germany. 12 per cent was quoted.

BILIOUS SPELLS

NO LONGER DANGEROUS
Dodson's Liver Tone is a Safe Medicine to Take the Place of Too Powerful Calomel

In the days when calomel was the only liver remedy, a torpid liver, or a spell of biliousness was a serious thing. Calomel is a powerful mineral substance that compels the liver, no matter how weak it is, to do its work, but does nothing to strengthen the liver and a large dose—sometimes the usual dose—causes destruction. Dodson's Liver Tone is a builder that strengthens the liver while making it do its work. It is entirely vegetable, pleasant to take, has no bad after-effect and is perfectly suited for children as well as grown people. You don't have to be careful what you eat. The Court Pharmacy will sell you a bottle and guarantee it to give you perfect satisfaction. If it doesn't you can get your money back simply by asking for it.

TWO LITTLE KINGDOMS

STANDING TOGETHER
Holland and Belgium Realize that Each Needs the Other's Help

Brussels, July 29.—The opinion in authoritative circles is that the visit of Queen Wilhelmina to King Albert and Queen Elizabeth of Belgium, which began yesterday, will prove more than a simple act of courtesy. Belgium and Holland feel that the time has come for them to reach an agreement to act jointly in the event that international difficulties threaten the invasion of the low countries. The possibility of a European conflict is openly discussed.

SAVES TWO LIVES

"Neither my sister nor myself might be living today, if it had not been for Dr. King's New Discovery," writes A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats, but your wonderful medicine completely cured us both. Its the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, lagrippe, asthma, hay fever, croup, whooping cough—all bronchial troubles—its supreme. Trial bottle free. 50c. and \$1. Guaranteed by Tydings & Company.

FOURTEENTH SKELETON FOUND

Remains of Sixty of the Maine's Crew Are Yet Uncovered

Havana, July 29.—A skeleton, almost entire but presenting slight identification, was discovered on the berth deck on the starboard side of the Maine yesterday. This makes the total number of remains so far recovered approximately fourteen, leaving sixty bodies uncovered.

KIDNEY DISEASES ARE CURABLE

Under certain conditions. The right medicine must be taken before the disease has progressed too far. Mr. Perry A. Pitman, Dan. Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley's Kidney Remedy cured me well and sound." Ask for it. Sold by Court Pharmacy.

WAR LORD IS TOO WISE

To Push Germany Into a Conflict With Both France and England at Once

Paris, France, July 29.—A growing feeling of optimism prevails here over the Moroccan situation, although it is admitted in governmental circles that the negotiations with Germany present a difficult problem and are far from being solved.

It is understood that the German foreign secretary is now asking the French government for only part, instead of the whole coast of the French Congo as a trade for German's interests in Morocco.

FARMERS TO THE FRONT

Their Votes Will Decide the Fate of Reciprocity in the Enslung Canadian Elections

Ottawa, Ont., July 29.—Parliament will be dissolved next week and a general election will be held some time between Sept. 20 and 25. Reciprocity will be practically the sole issue. The government is relying for success upon the rural vote. It is said that opposition is depending largely upon an unusually big campaign fund to which Canadian manufacturers, British imperialists and American opponents of reciprocity are expected to contribute.

HONEST MEDICINE VS. FAKES

President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley's Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley's Kidney Pills are equally effective and meritorious. Sold by the Court Pharmacy.

BACKACHE IS A WARNING

Ocala People Should Not Neglect Their Kidneys.

Backache is Nature's most frequent signal of sick or weakened kidneys. To cure the pain and aches, to remove the lameness, you must reach the cause—the kidneys. If you have pain thru the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy. The slightest symptom of kidney trouble may be nature's warning of approaching dropsy, gravel or fatal Bright's disease. Doan's Kidney Pills should be used at the first sign of disorder. Doan's Kidney Pills are especially for sick kidneys—have been curing kidney trouble for over 75 years. Read Ocala testimony:

John H. Brooks, North Orange St., Ocala, Fla., says: "I feel justified in recommending Doan's Kidney Pills. I have used them for kidney complaint and lame and weak back, and I have found great relief. I consider this remedy an excellent one, and do not hesitate to give it my endorsement." For sale by all dealers. Price, fifty cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

HAY FEVER AND SUMMER COLDS

Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. Sold by the Court Pharmacy.

SPREADING COLORS

ON THE SCREENS

The New York Dramatic News says in its last issue that colored moving pictures were exhibited at the Princess Theatre, Toronto, during the past week, and they are said to be wonderful in development. Of the hundreds who marveled in the exhibition of moving pictures in natural colors, how many have thought to the significance of the reproductions? Here are pictures of every conceivable thing—scenery, crowds in motion, still life, water and wine being poured into glasses, fruit peeled in each of which the natural colors are reproduced, with natural shading, blending and every nuance of light and shade.

The sparkle of wine, the limpidity of water, the sweeping of cloud-reflections over the broad spaces of a lake, the gloss on a well-groomed chestnut mare's coat, the glint of sunlight on brass instruments—these and a hundred other details are shown on a canvas screen until one begins to wonder whether it is genuine or some superb illusion.

The very first film, a reproduction of the Royal Horse Show at Richmond, serves to emphasize this point. The colors of the various horses lend to the scene a vivacious and a picture-queeness which would be largely lacking in the usual black-and-white moving picture reproduction.

Here, in fact, is the fullest and most significant feature of the new color pictures. They not only lend vivacity, but they actually create atmosphere. If anybody has any doubts on this point, let him go and see the London street scenes. Probably there is no city in the world in regard to which it is more difficult to convey anything like a convincing sense of its multitudinous melting greys—a hundred varying values and shades. But in these street views, showing London under actual conditions, there is conveyed to the audience, a subtle sense of the atmosphere of the city. The haze enveloping the dome of old St. Paul's, the low-lying light over the Thames Pool, the lurking shadows of the scene at Whitehall, and the cool environment of the fountains in Trafalgar Square—these features are impressed upon one in no uncertain way.

Similarly, the views of the battle-ships of all nations at Spithead, awaiting the coming of the royal yacht, afford another illustration of the success of color reproduction. Here all

DROPPED TO DESTRUCTION

Darnell Missed His Catch in Mid-Air and Plunged Downward to His Death

Chicago, July 29.—Falling from a balloon 700 feet in the air, Harry Darnell of Chicago, a veteran balloonist, was dashed to death last night in the presence of thousands of horrified men and women attending a celebration at Plainfield, Ill., forty miles southwest of here. Darnell had promised to turn a double "flip flop" in the air and catch the trapeze with his toes. He leaped, turned twice and then missed the bar.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

SOLVES A DEEP MYSTERY

"I want to thank you from the bottom of my heart," wrote C. E. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I have been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c. at Tydings & Co.
